DETAILED ACTION

1. The Art Unit location of your application in the USPTO has changed. To aid in correlating any papers for this application, all further correspondence regarding this application should be directed to Art Unit 2617.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) The invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

3. Claims 19-21 are rejected under 35 U.S.C. 102(e) as being anticipated by Burgess, US Patent Application Publication Number 202/01028033.

Regarding claim 19, Burgess discloses a method of performing a predetermined action on wireless calls, comprising: receiving a wireless call (Figures 3a-3b; paragraphs 0018, 0023, lines 1-8, an incoming communication is received); determining whether the received wireless call falls within a class of wireless calls, the class of wireless calls being one of location incentive offers, wireless based games, and wireless location based advertisements (Figure 1b; paragraphs 0023, lines 1-13; 0024; 0024, lines 5-9; 0049-0050; 0184, the communication or connection may be related to advertisements or electronic media); and performing a predetermined action on the received wireless call when the determining step determines that the received wireless

call falls within the class of wireless calls (paragraphs 0023-0024; 0043; 0049-0050; 0184).

Regarding claim 20, Burgess discloses establishing the class of wireless calls (paragraphs 0022, lines 12-2; 0023, lines 3-20; 0049; 0051, lines 4-15).

Regarding claim 21, Burgess discloses the predetermined action is screening the received wireless call (paragraphs 0050, lines 5-9; 0184, screening is provided to verify type of connections).

Response to Arguments

4. Applicant's arguments with respect to claims 19-21 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion
